

FOREVER SHIBA

VISION

With a dedicated team that is driven with the intention of making sure its investors are at the heart of 4EVER and all decisions are made in a transparent and productive way. With a vision of building not only a unique use case that will bring new investment into Forever Shiba but also keep it thriving for many years to come.

ABOUT

Forever Shiba is the latest in the SHIBA INU inspired collection of meme tokens, with a Whole new brand and vision. Starting from a stealth launch, we have the team and dedication to bring Forever Shiba into a recognised brand and beyond whilst also giving investors a real solid token built from the ground up.

FOREVER TREATS

Forever Treats will be the first use case with a whole ecosystem surrounding it that implement's a buyback and also a charity aspect, our goal is to not only provide quality dog treats to our consumers but also benefit our holders by buying back Forever Shiba with 25% of all profits and sending those tokens to burn. Another 25% of all profits will go to dog shelters worldwide voted for by our community on our website monthly, so in return we are benefiting our holders and also giving back in the process to dogs in need. The remaining 50% of all profits will then be put back into Forever Treats in order to expand and improve our range of products over time.

GOALS

01

To become an established name in the SHIBA INU meme token space by bringing a energetic and dedicated team that can overcome any obstacle that comes into play.

02

To give holders an opportunity to diversify their portfolio and to earn passive income by paying out rewards in SHIBA INU and also the ability to alternate the rewards in the future to any token the community votes on.

03

To bring a unique use case that holds value to Forever Shiba and not only keep our investors engaged and rewarded but to also reward those who have stayed loyal to the brand.

04

To become a recognised brand in the pet industry, and expand our customer base in and outside of the crypto space.

05

To improve the lives of dogs world wide through the sale of Forever Treats, and make a noticeable impact in the way these animals live and are treated.

WHY FOREVER SHIBA?

Well the answer is quite simple, in the current crypto space there is thousands of new projects but only one that will last forever and thats Forever Shiba. With a Honest, hardworking and focused team there is only one way the future can go, whilst also holding the SHIBA name we plan on not only benefiting our brand but also spreading awareness of both tokens and being the next SHIBA to leave a mark.

WHY SHIBA INU?

Because SHIBA INU and its team are proven and will forever reach new highs, they have built a respectable brand with a focused and loyal community.

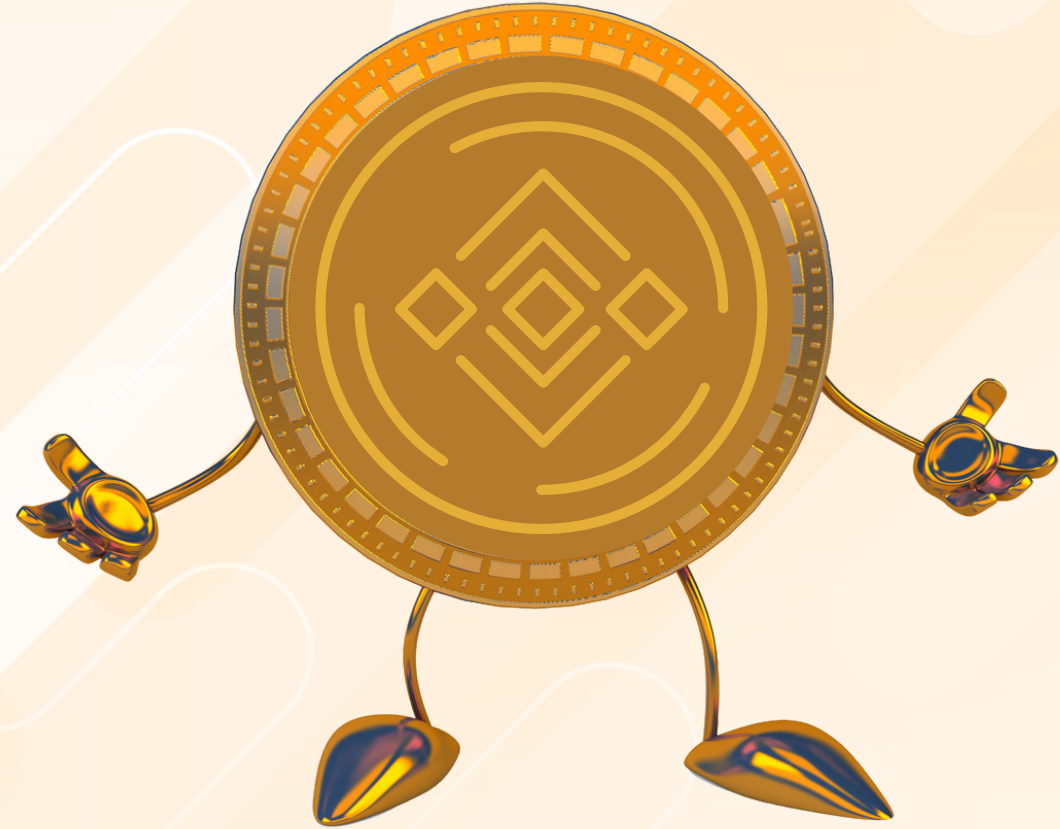

WHY BSC?

Binance Smart Chain is one of the leading platforms for tokens. The key difference between BSC and alternatives such as Ethereum Smart Chain is the blockchain fees. Those fees are incurred when users conduct a transaction on a blockchain. This fee is collected by miners or validators for ensuring that only valid transactions are recorded and processed on the blockchain. A multitude of transactions can result in high fees.

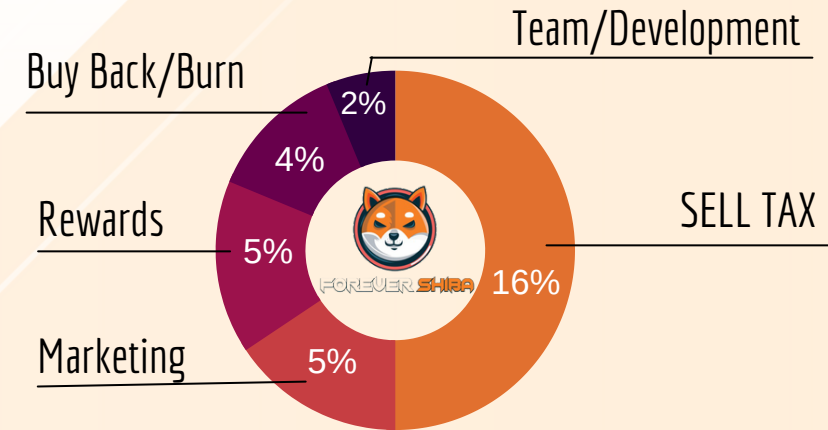

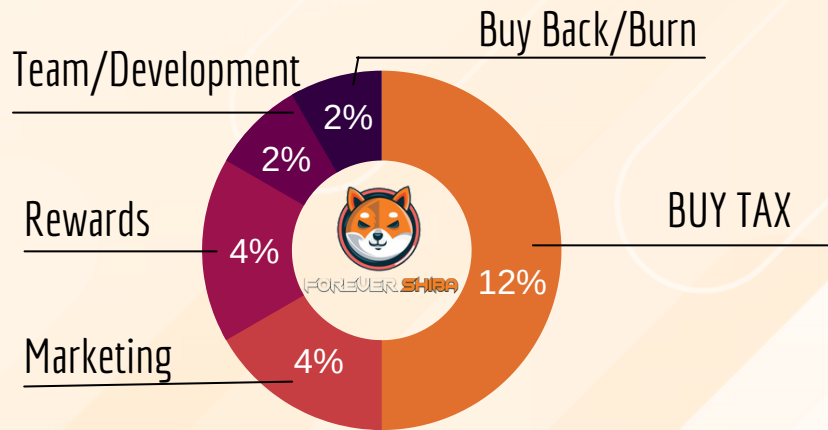

For example, Ethereum has recently recorded fees over \$100 for a single transaction. At the same time Binance Smart Chain charges range between \$0.10 – \$0.50 for the same services.

Another important factor to consider is transaction speed. Ethereum is another important factor to consider is transaction speed. Ethereum is affected by scalability challenges, which cause congestions on the blockchain and result in long waiting times and/or higher fees. The Binance Smart Chain addressed those scalability problems and it allows easy implementation of smart contracts to build scalable dApps.

TOKENOMICS

Token: Forever Shiba V2

Symbol: 4EVER

Supply: 100 Billion

Decimals: 9

Contract: 0x79E5F1efC5374CfC8555F6907b8c8B13EC153d63
